

CorrosionX Grease

Extreme-Performance • NLGI 2

CorrosionX is now available in a high-performance, multi-purpose, extreme pressure rated NLGI #2 grade premium

grease. We know of no finer product available on the market today.

Engineered for maximum shear stability, film strength and heavy shock-load performance, CorrosionX Grease offers unsurpassed wear and extreme pressure protection.

CorrosionX Grease is the product of choice for automotive and extreme pressure applications in marine, construction, mining, agricultural, logging and hauling industries.

- SUPERIOR RESISTANCE TO CORROSIVE SALTWATER ENVIRONMENTS
- EXTENDED EQUIPMENT SERVICE LIFE
- PREVENTS SEIZING AND GALLING
- OUTSTANDING "NO-DRIP" HIGH TEMPERATURE PERFORMANCE
- PROVEN LOW-TEMP PUMPABILITY CHARACTERISTICS
- ENVIRONMENTALLY RESPONSIBLE

POLAR BONDING TECHNOLOGY INSIDE

Industries

- Mining
- Construction
- Agriculture
- Logging and Hauling
- Concrete
- Transportation
- Automotive

Applications Include

- High Speed Bearings
- Centralized Lubrication Systems
- 5TH Wheels
- Bucket pins
- Wheel Bearings
- Propeller shafts, couplings

- › Premium base oils provide proven oxidation resistance; unsurpassed performance in marine and freshwater environments.
- › Over-based calcium sulfonate complex thickener maximizes pumpability, water resistance and high drop point.
- › Superior anti-wear additives lubricate and prevent wear.
- › Synergistic corrosion inhibitors protect against rust and corrosion.
- › Advanced extreme pressure additive package handles high carrying and shock loads.
- › Contains no antimony, lead, sulfur, phosphorous
